SKRATCH CARTEL'S BIOGRAPHY

Skratch Cartel is an American Afro House DJ based in Tampa, Florida. As a world-class sound supplier, Skratch Cartel, founded in 2021, currently holds residency at the AC Hotel Tampa and serves as the resident DJ for Live Nation at the MidFlorida Credit Union Amphitheatre.

From an early age, music has been at the center of the journey. As a teenager, Skratch Cartel built a home studio and recorded over 100 local artists across all genres—an experience that sharpened his ear for high-quality sound and laid the foundation for his craft today.

That passion has evolved into an impressive career, opening and closing for artists such as Avril Lavigne, Dierks Bentley, Kesha, The Offspring, and more. A recent career highlight includes opening for the legendary Black Coffee at The Motor Enclave in Tampa.

Beyond live performance, Skratch Cartel is currently in the studio working on official music releases while also curating high-end DJ sets through a custom-built live streaming studio. Merging international cultures through sound, fashion, and dance, Skratch Cartel delivers the most sought-after luxury music experience in Tampa Bay and beyond.
